

Opening the Bin – Helsingborg, Sweden, April 27 – 29, 2017

LUND
UNIVERSITY

Workshop Program:

Thursday, April 27th 2017

8.00 – 9.00

Registration

9.00 – 9.10

Welcome words

9.10 – 10.00

Keynote speaker:

Professor Gay Hawkins (*Western Sydney University*)

Accounting for the Social in Sociotechnical Accounts of Waste?

Morning Coffee

10.15 – 11.15

Paper Sessions (in Parallel)

Waste Services

- Finding and filling the forgotten food bin. Action research in an actor-network at KTH campus. *Greger Henriksson (KTH Royal Institute of Technology), Jan Rapp (Biogasakademin)*
- Norm-critical Waste Service Development. *Marcus Jahnke (RISE)*

Waste Engagements 1

- Valuating Waste: Containers, Bags, Bins and other Technologies of Dumpster Diving. *Turo-Kimmo Lehtonen, Olli Pyyhtinen (University of Tampere)*
- Community Responsibility and Labourer Livelihoods in South African Waste Management. *Kathleen Stokes (University of Manchester)*

11.30 – 12.30

Paper Sessions (in Parallel)

Waste Policy

- Why do Policies Fail to Reduce the Amounts of Waste? An Investigation of Swedish Planning for Waste Prevention. *Nils Johansson (Linköping University, KTH Royal Institute of Technology), Herve Corvellec (Lund University)*
- Bringing Environment Back to Waste Management: a Case Study of Waste Policy in Finnish Lapland. *Jarno Valkonen, Heikki Huilaja, Johanna Saariniemi, Veera Kinnunen (University of Lapland)*

Organic Waste

- Reflections on Organic Waste Processing: Scale, Distancing, and Equity. *Sally Geislar (Yonsei University, Underwood International College)*
- Sustainability in Istanbul and Waste Culture Practices. *Hurriyet Konyar (Akdeniz University)*

Lunch

13.30 – 15.00

Paper Sessions (in Parallel)

Waste in the City 1

- Constructing a Chaîne Opératoire: a Way to Understand how Urban Societies Relates to Waste. *Elisabeth Lebec (Université Paris 1)*
- Dirt and Freedom. *Udo Pesch (Delft University of Technology)*
- Trashures – Next Generation Waste Management. *Elin Örnevall, Annelise De Jong, Lizette Reitsma (The Interactive Institute Swedish ICT)*

Waste Engagements 2

- Exploring the Landfill Commons. *Patrick O'Hare (University of Cambridge)*
- Rethinking Rubbish: Unwrapping the Transformative Potential of Rubbish in Lagos, Nigeria. *Precious O. Akponah (University of Leicester)*
- Repair Movements' Commoning Practices. The Case of the Bike-Kitchen in Sweden. *Patrik Zapata, María José Zapata Campos (University of Gothenburg)*

Circular Economy & Zero Waste

- Towards a Circular Economy... of Proximity? Different Interpretations of Proximity's Typology. *Jean-Baptiste Bahers (Ecole des Métiers de l'Environnement), Mathieu Durand (Université du Maine)*
- Repoliticizing Waste: A Discursive-materialist Critique of the Circular Economy. *Francisco Valenzuela (Nottingham Trent University), Steffen Böhm (University of Exeter Business School)*
- Enhancing the Critical Perspective of Zero Waste through Post-normal Technologies. *Lucy J. Wishart (University of St Andrews)*

Afternoon Coffee

15.30 – 17.00

Paper Sessions (in Parallel)

Waste in the City 2

- Plastic Roads to Zero Waste? On Paradoxes of Recycling. *Sven Bergmann (University of Bremen), Yusif Idies (Leipzig University)*
- Municipal Waste Dump and Garbage Strike Politics in the Medium City of Sub-Saharan Africa : The Case of Bafoussam, Cameroon. *Rolande Christelle Makamte Kakeu (University of Lausanne)*
- Studies in Eating, Walking and Wasting in the City. *Lynnette Widder (Columbia University), Jessie Braden (Pratt Institute), Joy Ko (RISD)*

Food Waste: Consumption

- Wasting Folded: Notes on Consumers, Consumption and Food Excess in Everyday Life. *Sebastian Abrahamsson (Copenhagen University)*
- Food Waste Across Space and Place: Understanding the Transition of Food into Waste in the Context of Urban Lives in the UK. *Jordon Lazell (Coventry University)*
- Modern Kitchen - Utopia Redux or Hopeless Cause. *La Vergne Lehmann (University of Adelaide)*

Evening Activity

Tura – Informal get-together on board at the Helsingborg-Helsingör ferry.

Friday, April 28th 2017

9.00 – 10.00

Keynote speaker:

Professor Myra J. Hird (*Queen's University*)

Looking for Redemption in all the Wrong Places: Environmental Citizenship and the Long Duré of Waste Contamination

Morning Coffee

10.15 – 11.15

Paper Sessions (in Parallel)

Waste Management, Views from Inside 1

- “Envisage waste” – Design Engagements from within a Bureaucracy. *Caroline Ektander*
- Attempts at “Climbing Up” the Waste Hierarchy: Participatory Design and Makers' Culture to Explore New Practices and Infrastructures for Waste Prevention. *Anna Seravalli (Malmö University)*

Textile Waste

- Householding, Care, Recycling, Female. Keywords in the Social History of Textile Repair in the last 200 Years. *Heike Derwanz (Universität Oldenburg)*
- "Follow the Things" - Donated Clothing in a Reuse Mall Context. *Lars Hedegård, Eva Gustafsson (University of Borås)*

11.30 – 12.30

Paper Sessions (in Parallel)

Waste Management, Views from Inside 2

- Constructing the Waste-scape – Spacing Practices in a Waste Management Company. *Anette Hallin (Mälardalen University), Carina Färm (Vafabmiljö AB)*
- The Effects of Building Local Competence about the Nuclear Waste Chain in Oskarshamn. *Bodil Liedberg Jönsson (Oskarshamn municipality)*

Food Waste: Policy

- What Is and What Should Be Food Waste: Trade-offs between European Institutional Tendencies and Regional Stakeholders' Discourses. *Raquel Diaz-Ruiz (Polytechnic University of Catalonia), Montserrat Costa-Font (Scotland's Rural College), Jose M. Gil, Felin López-i-Gelats (Polytechnic University of Catalonia)*
- The Politics of Food Waste – Governing Waste Reductions through Social Innovations. *Tobias Gumbert (Münster University)*

Lunch

13.15 – 15.15

Opportunity to visit Vera Park, Helsingborg's main waste recovery facility, and be introduced to NSR's innovative model of municipal solid waste governance

13.30 – 15.00

Paper Sessions (in Parallel)

Waste Infrastructure

- Evidencing the Waste Effect of Product-Service Systems (PSSs). *Herman Stål (Umea University), Hervé Corvellec (Lund University)*
- From Waste to Energy: (Re)Cycling and Circulating Urban Flows. *Laurence Rocher (Lyon University)*
- The (Un-)becoming of Urks: Infrastructure Maintenance as a Liminal Condition. *Björn Wallsten (Linköping University), Hervé Corvellec (Lund University)*

Plastic Waste Challenges

- An anthropologist and a toxicologist consider the potential 'hazardous' classification of polystyrene *Trisia Farrelly (Massey University)*
- Values in a Bottle. *Dario Minervini (University of Naples "Federico II")*
- BIG Dreams Has Lost to Transition to Green Dreams. *Jens Peter Mortensen (Danmarks Naturfredningsforening)*

Afternoon Coffee

15.30 – 17.00

Paper Sessions (in Parallel)

Ontology of Waste

- Unpacking Waste and Creating Opportunities for Emancipating Change. *Jutta Gutberlet (University of Victoria)*
- Agnotology and the Paradox of Relevance. *Stephen Herring (Edgecombe Community College)*
- How to Make Your Compost. Waste and New Practices in the Light of Chthulucene. *Antoine Mérot (Irstea/ Pacte)*

Waste Death at Sea

- Wastelands - an Oceanography of Trash. *Petra Beck (Centre Marc Bloch)*
- Designtransposal Workshops: Visualising the North Atlantic Gyre. *Katarina Dimitrijevic (Goldsmiths College University of London)*
- Sand, Sky, Bottle Caps, and Bird Bones: Recovering the Animal in Chris Jordan's Visualizations of Marine Plastic Pollution. *Micha Gerrit Philipp Edlich (Leuphana University of Lüneburg)*

Evening Activity

Performance:

Why we cannot show you the Wasteland performance, but why it is none the less with us. *Franziska Lauber, Artist.*

Together with some snacks and drinks.

Saturday, April 29th 2017

9.00 – 10.30

Paper Sessions (in Parallel)

Zero Waste & Circular Economy

- Overcoming Consumption Before It Consumes Us – The Challenges of Living According to the Zero Waste Philosophy in Today's Society. *Lise Benoist (Uppsala University)*
- Waste as "Resources" in a Community Organization: The Municipality of Capannori (Italy) and the "Zero Waste Families" Project. *Marta Ferri (Zero Waste Research Center)*
- Circular Economy as an Idea for the Recycling of Waste Electrical and Electronic Equipment in Sweden. *Jolanda van Rooijen (Uppsala University)*

ANT & STS

- Electronic Waste Management Practices in Urban India: A Study from STS Perspective. *Anvesha Borthakur (Jawaharlal Nehru University)*
- An Actor-network Perspective on Waste in the Steel Industry: Following Recycling Controversies. *Fionn Mackillop (Heriot Watt University)*
- State of Art in Circular Economy, Review and Further Research. *Sönlich Dahl Sönlichsen, Jesper Clement, Niels Kornum (Copenhagen Business School)*

10.45 – 12.15

Paper Sessions (in Parallel)

Nazis, Shit & Popular Culture

- Waste's Social Order. A Historical Perspective. *Anne Berg (University of Michigan)*
- "Poo is Gold" (or Will It Be?). Exhibiting Waste Futures. *Rebeca Ibáñez Martín (University of Amsterdam), Pablo Santoro (University Complutense of Madrid)*
- Waste as Intention: the Representation of Waste in American TV Series. *Fanny Verrax (INSA)*

Coping with E-Waste

- The Forgotten Liam's, or: What Does It Actually Mean to Recycle E-Waste? *Stefan Laser (University of Kassel), Alison Stowell (Lancaster University Management School)*
- Wealth in WEEE: Mapping Value in Waste Electrical and Electronic Products. *Jessika Luth Richter (Lund University)*
- Creation of Waste and Value in a Market-driven System. The Case of WEEE. *Jennie Olofsson (Mittuniversitetet)*

Lunch
